Fourth-year B.Tech CSE student and full-stack builder shipping **React/Next.js** frontends, **Supabase** backends, and **Python AI services** end-to-end. **National Finalist** at Adobe India Hackathon (4,000+ teams). Looking for an SDE Internship to build AI-augmented enterprise-grade products.

TECHNICAL SKILLS

Languages: Python, JavaScript / TypeScript, SQL

Frontend: React.js, Next.js, Tailwind CSS, Streamlit

Backend & Data: Supabase, REST APIs, RDBMS, MongoDB,

AI / GenAI: LLM Integration, Claude AI, Prompt Engineering, Semantic Search

Cloud & Tools: Vercel, Git, GitHub, Oracle Cloud, AWS — DSA & system design fundamentals

PROJECTS

Comora — Full-Stack Social Dining Platform

React • Supabase • Tailwind CSS

2024

- Built a community web app for interest-based dining events with curated listings and RSVP management.
- Implemented real-time data sync and secure authentication via Supabase; designed responsive React flows end-to-end.

Intelligent Document Query System

Python • FAISS • Claude/GPT • PyMuPDF

2024

- Engineered automated clause extraction and semantic search over unstructured PDFs using PyMuPDF and FAISS.
- Integrated LLM reasoning to convert documents into structured outputs — **National Finalist (Round 2)**, Adobe India Hackathon (4,000+ teams).

AgriConnect — Smart Crop Planner

Python • Streamlit • MongoDB • APIs

2024

- Built a decision-support tool for crop recommendation and rainfall prediction; integrated weather APIs into an interactive Streamlit dashboard.

EXPERIENCE

Project Intern — Bytesedge, Hyderabad

Jan 2026 – Mar 2026

- Ran end-to-end testing and process analysis across the Nammasmarana app development lifecycle.
- Collaborated with engineers to document and refine the build process; executed a digital marketing strategy for a client stakeholder.

LEADERSHIP & ACHIEVEMENTS

Operations Lead — CSI, GRIET

2025 – Present

- Designed event flow for RESO'26; managed operations, logistics, and sponsor relations — improved execution efficiency by 25–50%.

National Finalist — Adobe India Hackathon Round 2 (top bracket of 4,000+ national teams)

Certifications: Oracle Cloud AI Foundations • Amazon AWS AI Basics

EDUCATION

B.Tech, Computer Science & Engineering — GRIET, Hyderabad

2023 – 2027

CGPA: 7.7 / 10

Intermediate (XII) — FIITJEE Saifabad

83% • 2023

CBSE (X) — St. Andrews School

91% • 2021
